HORSE SHOW

WELL SUPP-

The 15th Annual Horse Show and Gymkhana of Billericay and District Agricultural Society, held on Saturday July 13th, was well supported by spectators and entries. Apart from a few intermittent showers, the weather for the show, which was held on the Archer Hall Field, was fine.

Since the Society introduced their first Horse Show in 1945, approximately £1,750 has been distributed to National and Local Charities.

In the programme a memoriam notice was printed to the death since the last show of the late President Dr H. C. Gunter and late Hon Secretary Chas W. Hiscocks. The Society, continued the Memoriam, wish to place on record their deepest appreciation of many years of loyal and devoted service to others and we extend to their families sincere sympathy in their bereavements.

In the Driving Classes for Utility Turn-Out there was only one entrant.

There was a parade of Essex Union Foxhounds and all the prizewinners.

110 OUT OF 205 GARAGES COMPLETED.

The Planning Committee of Basildon Council were informed on June 25th that 110 garages had been completed on various council estates. In all 205 garages are planned in the scheme which is now making good progress. The Council are being recommended to erect a further block of 12 garages in Venge.

COMMITTEE PROPOSE SPIN DRYER FOR AGED PERSON'S ACCOMMODATION.

The tender for the erection of special aged person's accommodation at Arne Court, Laindon has now been submitted to the Ministry. The Planning Committee gave consideration on June 25th to the equipment and furniture that the Council should provide at Arne Court.

The list of items that the Committee are recommending the Council should provide are:- electric irons, ironing boards, wash-boilers, wringer and a spin dryer in the laundry, cooking utensils in the living units, furniture, rugs, and curtaining in the communal lounge and various other items.

The Committee are also recommending the Council that the inclusive rents be fixed at £1.3.3. for single units, and £1.11. 1. for the double units.

PIPE BAND AT BARBECUE.

At a Barbecue, last Saturday, on the Football Field, Laindon Rd., organised by Billericay & Brentwood Conservative Association a highlight was music by Southend Pipe Band.

Another highlight was the Concours D'Elegance for Pre-War cars and the competition for the best dressed child's cycle, for which there were some original entries.

There was a display of model aircraft and dodgems and sideshows were organised.

CINEMA DIARY,
FITZ CINEMA, CHAPEL STREET,
BILLERICA Y.

Monday July 6th. Three days.

"SALLY'S IRISH ROGUE", (U) is the story of young Luke (Tim Seeley) who in days will come into possession of the prosperous farm of his late father. Faced with this imminent change in fortune and position, Luke revolts against his mother, the foreman, in fact against the whole village: with characteristic juvenile recklessness he sets out to break all ties with his family and friends. Above all, he'll show Sally Hamil (Julie Harris), the daughter of the wily poacher, Rabbit Hamil that he's a man of the world and does what he thinks a man of the world should do - he breaks his promise to marry Sally. He also buys a motor-cycle and in short time finds himself involved with a local horse dealer's daughter.

But he figures without Sally's strength and stamina: she'll give him up but not without a struggle. Nor does he take into account the nature and extent of her father's cunning.

Also a ferocious war story - "BLITZKRIEG", (A).

Thursday July 9th. Three Days.

The well spoken of "GEISHA BOY", (U) and "THE HOT ANGEL", (U). "GEISHA BOY", stars Jerry Lewis.

Sunday July 12th.

"GUNSMOKE" starring Audie Murphy, and Dan Dailey in "MEET ME AT THE FAIR". All 'U'.

Monday July 13th. Three Days.

"BEHIND THE MASK", (A) is the story of the conflict between doctors behind scenes at a hospital. One sequence in the film is an actual operation. In this film there is a dramatic heart operation sequence, the love of a surgeon's daughter for his registrar and the tragedy of an anaesthetist taking drugs because of a vindictive woman.

Thursday July 16th. Three Days.

"DANGER WITHIN", (U), starring Richard Todd and Richard Attenborough tells the story of life in an Italian P.O.W. camp. Some wish to escape, others are not-too-keen and the escapers have other trouble for there is an informer among them, not the suspected man, but someone else. Also Hank McCune in "THE GO-GETTER" (U).

Sunday July 19th.

"DESERT LEGION", A, "ALL I DESIRE"

ROUND AND ABOUT

by
"WANDERER".

It has been suggested that Chapel Street be made a one-way street. I fully support this suggestion. It would be safer for motorists and pedestrian alike. It is totally unsuited to present day traffic. At the narrow, dangerous, Church end many people cross and 6 times out of 10 they escape being knocked down by a few inches. Also there is no pathway worth speaking of at this dangerous spot and all would be safer if it was a one way street.

One "Observer" reader living at the dangerous end of Chapel Street suggests FROM Sun Street TO the High Street. I disagree for good reasons. At the dangerous end traffic would have to cross the road, at the other some of it would again have to. The other way would probably be easier.

Buses, instead of backing into the dangerous end thus causing danger and congestion, could carry on up Sun Street via Chapel Street and then down the High Street to the Church again. This route may be slightly longer but what is that at the price of less danger?

Of course, this brings in the general traffic problems in the centre of Billericay. A car park is proposed in St. Mary's Ave. Here is another site. At the back of the "Chequers Inn", Godspeed's etc. is a piece of ground, once part of the old Chantry Farm, now occupied by the derelict Chantry Barn and other dilapidated buildings at present used by local tradesmen as lock-up garages. To convert it to a car park would be a means of tidying up the corner altogether. At present it is an eyesore with its tumbledown old barns, piles of fish boxes from Godspeeds, and piles of waste paper and cardboard boxes. Pull down the Chantry Barn, build more lock-up garages in the extra space, rebuild the present ones - decently.

A number of people do park cars on the ground now - even coaches - so you see nothing much can be said about the entrance or exit except in so far as the pedestrian approach to the Chantry Estate. If they can use St. Mary's Avenue however, they can use Chantry Chase as there is little difference.

Also I suggest as a temporary arrangement to ease the situation, arrange with the owner of the Ritz Cinema to use the car park there when the Ritz is closed.

"JANUS REPORTING".

Copyright.

"The Daily Worker", the Communist daily, announced it had printed 4,000 extra copies on Saturday June 27th; reporting the anti-H Bomb London demonstrations. That shows how important the abolition of the H Bomb is to Communists. It will be interesting to see if the paper continues to print during the strike.

Mr Martell gives notice that he intends to produce "The New Daily", national newspaper, on Monday the 6th if Fleet St. comes to a halt. It will have 4 pages daily and circulate in London, Birmingham, Bristol, Cardiff, Liverpool, Newcastle on-Tyne and Edinburgh. But pickets have already started to hamper guerrilla printers and distributors. Readers will gather this is work equal in scope and hazards to War Resistance work.

The protestors of the H Bomb or any other permanent are helping Russia to re-draw her map of expansion. Note Tibet has always been a non-aggressive un-armed country governed by religious ritual. A H.B. might have saved them from seeing their women and children suffer worse than death. For the Chinese are trying to wipe out the Tibetan race completely. Mr Lukhangwa former Prime Minister of Tibet said, "Please inform the British People that we struggle for our religion which is being destroyed".

I am glad to report that at last a United Kingdom Society has been formed to uphold the Tibetan cause for freedom and to assist the thousands of Tibetans now in India. Any readers of this, who feel a sense of compassion and wish to help - please send donations or offers of other help to The Honorary Secretary, U.K. Tibet Society, 58, Eccleston Square, London S.W.1. Please pass on this address to Church Workers, Clergy, Mothers Union and Scout Officers etc. I hope to report soon that the B.B.C. will take up this cause.

I recall a talk with an Air Force pilot who was killed in 1943. He said, it falls for some to fight for a cause and others to plead for a cause. He gave me a poem he had written to send to a publisher if he should not return. It went something like this:- And if this should be my last flight, I shall soar for ever beyond the disregard. He was killed and one felt he had left the disregard of the World. Many of my near ones laid down their lives during those war years. Do any who use the strike weapon so often think that those men and women gave their lives to make a better World for those that follow. And in the morning and at the going down of the sun, we vowed to remember. Should we not try to emulate the noble.

The Billericay Council decision to have prayers precede meetings is a good one. The singing of one verse of a suitable hymn to a Gramophone could be adopted to suit objectors. One sympathises with the Rebels for there is much hypocrisy in the Churches. But these Councillors must rebel in the Church fold. We should attend Church and also pray out of Church because we are in need of God's Grace. He called the sinners to repent. If Church Authorities invest in funds, they have to find clergy stipends.

This week The British Medical Journal could not be published. This is a serious hindrance for Doctors who depend on information and treatment comparisons in their work. It applies more so to the surgeon.

The Boxing contest of a Swede of 14 st. punching a black man of 13 st, until he could not see and was saved by the Referee who saw his sobbing wife will be reported in other countries as an example of white brutality.

My earlier report on African Kaffir beer making was followed by the Durban Drink Riots. It is the sort of thing that happens in countries of Prohibition. They make alcoholic drinks and call them by such names as Kill-me-Quick, White-Lightning and Carry-me Home-to-die. So what is to stop the coloured people in England reverting to these practices. They hide the stuff everywhere and hot taps will run beer. But it is less likely where they are not prohibited.

SICKNESS PREVENTION, by "Janus".

Refrain from too much sugar as it causes Diabetes and eye troubles. Drink apple juice or cider for toning the liver and kidneys.

EDITOR'S NOTES.

The Town Crier, which is to be the "Ob" emblem has now been sent to us by Ha/Ri. (His "Story of Billericay" 2nd series will start, probably on October 28th.) It is a very good drawing, and when it appears on the "Observer", from next issue we hope it will spread the "Observer".

The printing ink dispute, like the printers dispute, does not affect us. We have ink supplies, sufficient to last 3 or 4 months.

I regret there is not so much news in this issue, but we cannot always have a lot and we cannot create it. However a large amount of news is guaranteed for the next two issues. We are always trying to extend our coverage of local news.

As regards expansion it is proposed that we print 210 copies of this issue. Last issue every one of the 180 copies sold.

The August 18th and perhaps September 1st issues will have only six pages owing to the lack of news during August.

In late August a book, "THE BILLERICAY OBSERVER" will be published by us. As a result of demand from readers it will contain the history of the "Ob", how the paper is printed from start to finish etc. If you want this book please let me know, as we want to know how many to print. Fuller details will be given in the next issue.

From now on our Accounts will be published. First will be on August 1st - Accounts for July. See where every farthing goes!

ESSEX RECORDS OFFICE EXPERIMENT.

The Essex Records Office, as an experiment, has sent to all on its mailing list, an experimental News Letter. The News Letter consists of six, foolscap, duplicated pages and opens with a letter from F.G. Emmison, County Archivist.

The News Letter goes on to describe the various records the Office has acquired in the past year.

In the News Letter it is announced that the Record Office has obtained a Microfilm camera which enables 200 photographs of documents to be made in an hour. The microfilm camera will enable the Office to send records abroad for students to study and the storage of films in different places ensures that only an all-embracing disaster could destroy the records of Britain's finest county collection.

The news letter states that students, make, on an average, 2,000 attendances a year.

Last year's Ingateshorne Hall exhibition - 'Essex Homes' was seen by 12,000 people.

Next year's exhibition will be "Leisure and Pleasure in Essex" on the pastimes, sports, and hobbies of Essex people through the ages.

With the News Letter is an invitation to an experiment to be held on July 25th from 4.30 to 6.0, for recipients of the invitation. In addition to "Essex and the Sea" a number of special small displays and demonstrations of the resources of the Record Office will be on view, for example, how documents are repaired.

"LONGSIGHT" BACK.

"Longsight", the witty, humorous writer for the "Observer" has returned from a stay of four months in the Midlands.

The Editor called to see him and "Longsight" said he was going on holiday for two weeks with Mrs "Longsight". After that he hopes to write a few more articles before he leaves Billericay altogether.

As you can imagine this was a great shock to our Editor who has no other humorous writers.

However he recovered sufficiently to ask "Longsight" what he thought of the new road improvements.

"Very nice", he replied but he continued to say that the area was getting too built up. "What will it be like when 400 new houses at the back of Gordon Close".

Well, one might have got a nice interview but then Mrs Longsight came charging along the road (she spoiled the only other interview with funny remarks when I was trying to interview "Longsight"). So dear readers, our editor left and a few words from "Longsight" to get you interested and before you get a chance he's off again. Really! Just "hallo" and goodbye, I mean! Well.....(Reader: Shut up).

RUGBY UNION in NEW ZEALAND reports on the BRITISH LIONS RUGBY TOURING TEAM

Auckland, June 15th.

Fresh from their Australian victories the British Lions Rugby Touring Team have arrived in New Zealand, only to be greeted by headlines announcing:- "All Black fullback DON CLARKE kicks 57yd penalty", and I might add with yards to spare.

The All Black trials are over, and while previous discussions were on the brilliant Lion's back line mainly O'HEILLY and HIBBERD, the conversation has now turned to the possibility of All Black teams (accent on plural).

The search of talent available is outstanding and it appears obvious that the New Zealand public will applaud all the Lion's achievements to the full, and at this stage are secretly hoping for a British success in the tests.

Biggest problem for the tourists will be the Waikato fullback - DON CLARKE. He broke the heart of the Springboks with his powerful line kicks and goal kicking, the latter being successful from any position up to 50yds.

Number two problem will be the forwards. No matter where the tourists play they are going to meet up with rugged forward play. This could prove a dumper to open play which in all countries is the best paying proposition for public approval.

To look on the brighter side the British Isles team appeared to have sent a five-eighth that is likely to excel even the deeds of the illustrious JACK KYLE. The Rikken means football with a capital "A" in New Zealand, and it would soon appear that he is the key to the triumph the British Isles team may achieve.

All this however, is open to argument as the All Black team is still to be selected at the time of writing, and the tourists yet have to be seen in action. A 'flu epidemic is at present raging in the Commonwealth and has already struck at prominent New Zealand trialists.
