At The Fold, Billericay High Street

ADMISSION FREE

As in other years, we are indebted to the Billericay Arts Association for all the help they have given us in setting up this Exhibition.

The Association was set up in 1979 as a registered charity, its aim being to run the Fold as a Community Arts Centre. Since that time they have run classes and organised programmes of drama, music, films, lectures and exhibitions on a very varied number of arts associated activities. A team of volunteers, many sadly overworked, assist with administration, serving refreshments and helping with events. Several of the local clubs hold regular exhibitions, as do Photofold.

But because the Association fills such an obvious need in the town, new, roomier, permanent premises are needed. Hence the Newfold Project. Some fund raising has already taken place quite successfully, but the Association needs much more help. Not only money, but helpers. And helpers with ideas and the willingness to do some of the organising needed to carry them out.

This is Billericay's own Art Centre. Help to keep it going from strength to strength. Please support the Association.
